PROFESSIONAL SUMMARY

Motivated BSIT graduating student with hands-on experience in IT support, troubleshooting hardware, software, network, and POS-related issues during internship. Provided technical assistance for multiple store branches and corporate users, supporting desktops, printers, operating systems, and network connectivity. Skilled in system maintenance, basic scripting, remote support, and IT troubleshooting with a strong interest in IT support, helpdesk operations, and networking career.

EXPERIENCE

IT SUPPORT INTERN

Bayambang, Pangasinan
February 2026 – May 2026

One Document Corporation

- Delivered Level 1 Help Desk support across 8 Angkong Noodle House branches, resolving issues involving POS systems, network connectivity, printers, laptops, and mobile devices, ensuring continuous business operations and minimizing downtime.
- Provided Level 2 IT support for 20+ employee devices at 1Food Corporation, handling hardware/software troubleshooting, OS reinstallation, printer setup, software upgrades, and network issue resolution to maintain operational continuity.
- Developed and implemented a secure automated batch file backup script using Radmin VPN to synchronize confidential branch data from 8 locations to a centralized server daily, reducing manual backup tasks and minimizing the need for additional NAS storage deployment.
